CHAMPAGNE

Literally translated as 'open landscape', Champagne is not just any sparkling wine. It is a wine produced from three specific grape varieties: Chardonnay, Pinot Noir, and Pinot Meunier using the 'Champagne Method' from the province of the same name. Although sparkling wine is produced all over the world, it can only be called 'Champagne' in this strictly regulated district. Champagne may be produced in several styles, including: Non-Vintage, Rosé, Vintage, and Blanc de Blancs.

GROWER PRODUCERS

The 2000-or-so recoltants-manipulants or grower-producers, in the Champagne region represent a fascinating and compelling alternative to the familiar grandes marques. If you are attracted by the idea of champagne representing its terroir, and not just as a supreme sparkling wine, then these are the winesgrower who craft it. At their best, these wines are second to none and can offer remarkable value.

CHARDONNAY - AMERICA

Not only is Chardonnay one of the most popular grape varieties in the world, it is one of the most versatile and flavorful. Basic Chardonnay can be vaguely fruity and neutral, but at its best, Chardonnay acts as an expression of the vineyard in which it is grown. Chardonnay from Burgundy takes awhile to mature, while California Chardonnay is much more approachable in its youth. Classic flavors of Chardonnay include apple, pear, butterscotch, honey, and pineapple.

CHARDONNAY - BURGUNDY

Due to the limestone soil and cooler climate, wines made from Chardonnay grown in Burgundy are higher in acidity. In their youth they are lemony and minerally, but with bottle age, the true ethereal flavors of white Burgundy develop. In California, by contrast, these flavors develop more quickly as a result of the warmer climate and most are ready to drink on release.

CHABLIS

Even though the wines take a long time to age, there is a unique flavor in the younger wines. The oak-aged wines seem to have a very different texture and aging curve (not meant for oysters). They are lemon custard-like in their youth, but with age they become extremely buttery and honey like. 'Clos' (which is the best wine) is big, rich and luscious with great finesse and balance. 'Blanchot' is the most delicate and aromatic Grand Cru. 'Valmur' is very similar to 'Clos' in power, but has the perfume like 'Blanchot'. 'Montée de Tonnerre' is considered the best Premier Cru.

PULIGNY-MONTRACHET

Puligny-Montrachet is the greatest white wine-producing commune in the world. The greatest vineyard lies at the southern end of the town, overlapping Chassagne-Montrachet. Even though the vineyards are smaller compared to Chassagne-Montrachet and Meursault, it is a place of pilgrimage for many wine lovers and Chardonnay producers who try to imitate Puligny's terroir. The best Premier Crus are 'Pucelles,' 'Referts,' and 'Folatières.' The flavor profiles are ripe pear, tropical fruits, and coconut.

CHARDONNAY - BURGUNDY

CHASSAGNE-MONTRACHET

Chassagne-Montrachet is the last great commune in the Côte d'Or. White wines from this commune demand higher prices than any other. The wines from Chassagne-Montrachet are the most distinctive. They are bold and powerful like Puligny-Montrachet, but have a softer and rounder texture. The best vineyards ('Les Chenevottes', 'Caillerets', 'Vergers', 'Morgeot,' and 'Ruchottes') are on the upper slopes of Chassagne-Montrachet. 'Morgeot' is considered masculine and assertive, whereas 'Caillerets', 'Vergers' and 'Ruchottes' are softer and feminine.

MEURSAULT

Meursault is most known for its white wine made from calcareous soil rich in iron and magnesium. The best vineyard is 'Perrières' followed by 'Genevrière' and 'Charmes'. The soil in 'Perrières' is the lightest and stoniest, therefore the wines are very minerally and long lived. The wines from 'Charmes' are considered the fattest and richest. These wines are very fragrant and drink well in their youth. 'Genevrière' has the opulence of 'Charmes' and some of the steeliness of 'Perrières'.

CHARDONNAY - BURGUNDY

THE GRAND CRUS OF BURGUNDY

These are considered some of the finest vineyards in Burgundy. Due to its high elevation (up-slope from 'Montrachet') and chalky soil, the Grand Crus of Burgundy are firm and masculine, with fragrant flavors of minerals and honeysuckle. These wines are compact and tense in their youth, but after ten to fifteen years the true ethereal flavors (of chardonnay and limestone) emerge in their pure form- "perfume and power all in one."

THE BACKROADS OF BURGUNDY

Visitors to Burgundy seldom have time to get "off the beaten path" of grand cru vineyards and explore the lesser-known appellations often overshadowed by the reputations of their famous neighbors. Tucked behind, between, above or below the famous appellations are vineyards sharing weather conditions and geography with the grandest of grand cru producers.

RIESLING

Because of its cellar longevity and its ability to maintain varietal identity while reflecting the individuality of its 'terroir', Riesling may be the best of all the white wine grapes. The finest Rieslings have incredible aging potential, and develop a vivid and zesty bouquet that is often referred to as 'petrolly'. It can produce wines that vary from dry to very sweet. A typical Riesling is described as flowery, yet tart with grapefruit and honeysuckle-like flavors. No grape other than Riesling can produce a wine with such finesse, purity of fruit, intensity of flavor, and a 'lift' of acidity. While Riesling will grow on most soil types, it is sensitive to high chalk content and will not develop into wines of great character on loam.

SAUVIGNON BLANC

Although the Sauvignon Blanc grape originated in Bordeaux, it is widely grown in the Loire Valley, California, New Zealand, and Austria. Although the flavor components of melon, lime, and passion fruit are similar among all the regions; the intensity and acidity levels can vary, depending upon the soil and climate. California Sauvignon Blancs are softer and show more fruit, while the New Zealand examples are brighter and spicier. In contrast to the viscous and powerful Sauvignon Blancs from Bordeaux, the wines from the Loire Valley are leaner and show more minerality.

PINOT NOIR - AMERICA

This sensual and charming grape produces some of the most ethereal wines in the world. The flavor component of this finicky grape varietal solely depends on where it is grown. Although it is grown all over the world, it is represented best in its place of origin, Burgundy.

Pinot Noir seems to grow best on limestone and in relatively cool climate. The wines from California are riper, higher in alcohol, and fruitier than in Burgundy, where the wines seem firmer in texture. With bottle age, Red Burgundies shed their tannic exterior and unfold into flavors of cherry cola and licorice. Pinot Noirs from Oregon are more restrained in style than they are in California, and are often lighter with higher levels of acidity.

PINOT NOIR - BURGUNDY

GEVREY-CHAMBERTIN

The historic town of Gevrey-Chambertin is known for producing the most powerful wines in Burgundy. Power, muscle, and rich, jammy fruit—tending to start compact and needing time to unfold broadly—characterize these wines.

MOREY-SAINT-DENIS

The wines from the village of Morey-St.-Denis are often described as being lighter than Gevrey-Chambertin and firmer than Chambolle-Musigny, depending on which side of the village the vineyard is located. Geologically these vineyards are very rich in minerals.

DOMAINE DUJAC 'CLOS SAINT-DENIS' GRAND CRU 2004	355
DOMAINE DUJAC 'CLOS SAINT-DENIS' GRAND CRU 2006	490

CHAMBOLLE-MUSIGNY

Chambolle has a rich, velvety elegance that rivals the finesse of Vosne-Romanée or the power of Gevrey-Chambertin. There are only two Grand Crus (Bonnes-Mares and Musigny) in this village and some exceptional Premier Crus (Les Amoureuses and Les Fuées) worthy of promotion. These chalky vineyards give the wines higher acidity and elegance, which expresses itself in aromatic purity and finesse without the power. A fine red Musigny “is a combination of seductive power and unrepentant aristocracy with an extraordinary spectrum of aromas...crushed strawberries and licorice.”

VOUGEOT

Cistercian monks established the Grand Cru Vineyard Clos de Vougeot in 1000. The clos' fifty hectares are now in the hands of 82 different owners. Clos de Vougeot is one of the few Grand Crus where the location of the vines within the vineyard really matters.

VOSNE-ROMANÉE

Perhaps the most representative examples of pinot noir in the world come from this commune. Stylistically the wines lie between the sturdy Gevrey and the delicate Chambolle-Musigny. These wines are often described as opulent, silky and satiny. Vosne's Grand Crus are capable of producing quintessential burgundies with amazing depth and refinement. The Grand Crus range from Romanée St.-Vivant, the lightest in body but very aromatic, to Richebourg, the most massive and rich. Domain de la Romanée-Conti owns the vineyards of La Tache, Romanée-Conti and parts of Échezeaux, Grand Échezeaux, Romanée St.-Vivant, and Richebourg. These are considered to be some of the most long-lived wines in Burgundy. Even though most of the Grand Cru vineyards are fairly close to each other, the flavor profiles vary widely.

NUITS-ST.-GEORGES

Nuits-St.-Georges is the longest commune in the Côte d'Or, extending for some five kilometers. Many tasters characterize Nuits as "earthy" and "rustic." There is often a granular feel about fine, young Nuits. They might have a touch of the maverick, but the robust charm of leather and gamey flavors is no less alluring.

LOUIS JADOT NUITS-ST.-GEORGES 'LES BOUDOTS' 1^{ER} CRU 2005..... 165

CORTON

The wines of Corton are the biggest wines in the Côte-de-Beaune. These wines are fat and rich, but often have an austere edge in their youth (though in ripe vintages the fruit shows very well). The best examples are long-lived.

BOUCHARD CORTON GRAND CRU 2005 220

LOUIS JADOT CORTON 'POUGETS' GRAND CRU 2005 215

POMMARD

Due to the soil composition, the wines of Pommard are earthy and minerally. Wines from the best vineyards ('Rugiens' and 'Épenots') and in great vintages are aromatic, spicy and very long-lived.

FRANÇOIS MIKULSKI POMMARD, FRANCE 2006 108

VOLNAY

Volnay is the most charming and delightful commune in the Cote d'Or. The wines are perfumey, soft and have a seductive texture. There are many great vineyards ('Clos-des-Chênes', 'Santenots', 'Champans' and 'Caillerets') and producers that give Volnay a great reputation.

DOMAINE MICHEL LAFARGE VOLNAY 2004 138

SYRAH

Syrah, also known as Shiraz, is denser and fuller than Grenache. The basic flavor components are blackberry jam, smoke, black pepper, and bacon fat. The new world expressions are riper with loads of dark fruit, whereas in the Northern Rhône, Syrah is more delicate and spicy with lower alcohol and higher acidity.

CABERNET SAUVIGNON AND BLENDS

This variety of Bordeaux has been transplanted as far afield as California, Chile, Spain, Italy, and Australia. Although California Cabernet Sauvignons are consumed much younger than wines from Bordeaux, Napa Valley has proven that their wines age very gracefully. The new world expressions are riper and fuller, with deep flavors of cassis, chocolate, and cedar.

ZINFANDEL

Zinfandel is a juicy, fruit-driven wine full of blackberry jam, cola, and spice flavors. It is versatile and easy to drink. The best Zinfandels have rich spice in harmony with bold, ripe, dark fruit.
