PHILOSOPHY

wit & wisdom has developed a beverage program that supports the philosophy of the menu --- locally & regionally sourced products & ingredients. our cocktail list modernizes several classics with an emphasis on creativity & presentation. classic taverns originally started opening in american cities like philadelphia & boston; eventually migrating to baltimore. wit & wisdom transforms the traditional representation of the tavern by presenting contemporary techniques & unique ingredients.

- juices are hand-squeezed daily
- all spirit infusions are created by our mixologists
- all gommees, syrups & garnishes will be prepared in-house
- we use premium, small-batch selections which greatly improve the quality of all cocktails
- we pour all of our sodas & mixers from glass bottles
(we use fever tree club soda, ginger ale, tonic water, & regatta ginger beer)
- the beer program focuses on local & regional beers only ('brewery-to-bar')
- wines selections have been carefully handpicked & emphasize american wines --- including local selections from virginia

all of the spirits, wines & beers have been selected to celebrate the modern tavern. this is a thoughtful representation of modern day Baltimore and the future of this cities culture. please have fun exploring our menu and make sure to look through the list before finalizing your selection. please feel free to speak to your server or bartender for clarification on our products or cocktails.
